NOTES

1. Hand Held Global Positioning Device (GPS), must not have the capability to connect to additional devices via Bluetooth or through cellular carrier signals, and capable of being loaded with a cryptographic key. Tablets are welcomed in planning but are restricted if it compromises the requirements listed with GPS's. Again, GPS device must have the capability to accept encryption to be used in a tactical operational environment.
2. Unit SOP's- Students are able to use Unit SOP to justify team actions during the conduct of patrol, however, if stated this is your unit SOP, students must provide a hard copy to the instructors for approval during the conduct of the course.
3. Non-Standard military boots are acceptable during Physical training events and patrolling operations. During the Conduct of the Confirmation Brief and while aboard military installations students will be in the appropriate service level utility uniform to include boots.

If you have any questions or concerns regarding the course, please contact one of the POC's listed below and we will answer your questions. We look forward to seeing you at the course.
